Friends of Fidalgo Pool and Fitness Center collects donations, raises funds and provides volunteer support for:

- the facility's maintenance and operation expenses - minimizing the amount of levied property taxes needed for its upkeep;
- new facility construction that brings our aging center up to code for all patrons, including senior citizens, people recovering from injuries and surgery procedures, disabled individuals, and young children;
- encouraging children and teens to engage in healthy recreation, socialization and fitness activities:

- purchases of special equipment for aquatic and fitness programs, especially items useful to new swimmers and individuals who have health issues;
- new wellness, health promotion, and water safety programs;

- advocacy and education to the community about the benefits of having the center to promote healthy lifestyles.
- promoting overall community health and wellness.

Friends of Fidalgo Pool and Fitness Center is qualified to receive cash donations, non-cash gifts, bequests and asset such as stocks, bonds, mutual funds, and real estate.

We have the vehicle to help you establish an endowed fund that can make your influence last for generations. These funds can support Fidalgo Pool and Fitness Center in perpetuity or over an extended period of time, depending on your specifications

When you endow a fund, you may name it after yourself, or you may name it to honor and pay tribute to mentors or loved ones.

You may establish an endowed fund in several ways:

- Donating Cash;
- Donating Securities;
- Creating a planned gift such as an annuity, charitable remainder trust or by making a bequest in your will;
- A combination of these options.

If you wish to discuss donation options, please, contact Marilyn Stadler at 360-293-0673 or mstadler@fidalgopool.com.
