The **SilverSneakers®**, **Silver&Fit®**, **At Your Best®** and **Optum Fitness Advantage®** Programs are for active older adults to those dealing with chronic conditions. Certain insurance carriers offer this facility benefit to their plan members who have Medicare A & B and a Supplement or Advantage plan. We are excited to offer these programs to seniors within our community. SilverSneakers® classes are open to all Fidalgo Pool & Fitness Center patrons.

Class Descriptions

Bars, Benches & Balls uses a variety of equipment and body weight for a fun and challenging whole body workout that builds strength, endurance and balance..

Butts and Guts is a 45-minute class designed to tighten and tone your core and lower body. Using hand weights and your own body weight, this class is a sure fire way to blast fat and to build strength.

Classic Mat Pilates is a miracle workout. Everything is easier when you build flexibility, abdominal and back strength.

Gentle Yoga leads you through a series of exercises gently & spiritually. All levels welcome.

Flow Yoga allows you begin your practice where you are. This practice is for all levels - beginner to advanced. Personal support and guidance from the instructor allows all members to progress at their own pace while still benefiting from all that yoga offers.

Muscular Strength will improve any adult's strength and range of motion. Weights, elastic bands and more!

SilverSneakers® Classic offers fun and movement to the music through a variety of exercises designed to increase muscular strength, range of motion and activities of daily living. Hand-held weights, elastic tubing with handles, and a ball are offered for resistance. A chair is used for seated and/or standing support.

Step Aerobics is a great way to get your heart pumping and your muscles burning as part of a powerful and fun workout.

Strength & Conditioning has it all! Begin with a 10-minute warm-up then get ready to work out! Weights, elastic bands, stability balls and more!

Vinyasa Yoga is the perfect Friday lunch break. Balance your energy. Build flexibility and strength while you flow and breathe.

Yoga Core encompasses our entire midsection: the tummy, side, waist and back. Try this yoga class that focuses on your core and will help you feel stronger and more stable. Have a lower back issue? Come learn how to stretch and release the tension there. Want better posture? Learn how to engage your core to be more upright. Come learn the core of yoga.

Zumba® Gold is for adults young and golden alike! Have fun with this workout by mixing low to moderate intensity moves for an interval-style, calorie-burning Zumba® party.
