

AQUAKIDS!

Moms and Dads of infants and toddlers!

Want to get your child started in swimming lessons?

We have Parent/ Child classes that help introduce your little one to the water in a fun and safe way! This is a great way to bond with your child and get the basic in water skill practice! We have certified Instructors and fun, simple ways to help your child in and near the water.

Classes are Tuesdays & Thursdays 11:00am.

Ages beginning 6 mos.—36 mos.

This will encourage your child to enter the water safely, put their face in the water, learn basic motor skills and gives them a time to be silly and social in a group setting.

For more information call (360) 293-0673 or stop in and speak with one of our Aquatics Managers.
